

Debtor Sends Cow to Pay for Lumber

SEATTLE (U.P.)—A freight train backed up to the Brace Lumber Co. and unloaded a cow done up in a crate. Nick Brace told the trainmen there must have been a mistake. "This is a lumber yard, not a stock yard," he explained. But a note was found under the cow's neck. It read, "This is for the load of lumber I bought some time ago." It was signed "Sammy."

CHRISTIAN SCIENCE CHURCHES

Everlasting Punishment is the subject of the Lesson-Sermon on Sunday in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass. The Golden Text is from the second epistle of Peter: "The Lord knoweth how to deliver the godly out of temptations, and to reserve the unjust unto the day of judgment to be punished."

Among the Scriptural selections in the Lesson-Sermon are the proverbs: "Righteousness keepeth him that is upright in the way; but wickedness overthroweth the sinner. . . . Good understanding giveth favour; but the way of transgressors is hard. . . . Evil pursueth sinners; but to the righteous good shall be repayed." James' words are included: "Every man high to God, and he will draw him to you. Cleanse your hands, ye sinners; and purify your hearts, ye double minded."

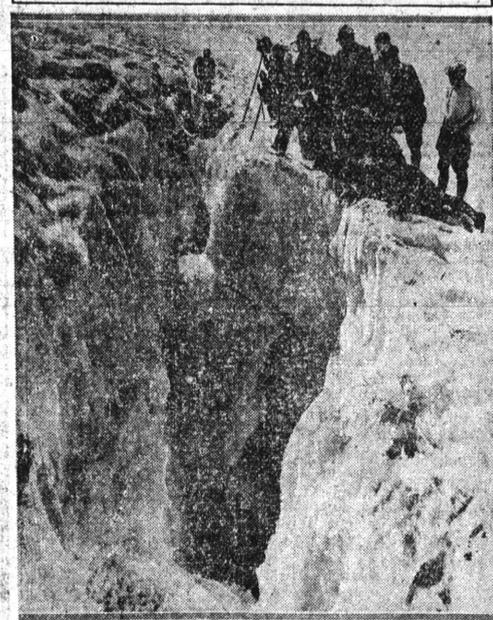

One of the correlative passages from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, presents the third religious tenet of Christian Science: "We acknowledge God's forgiveness of sin in the destruction of sin and the spiritual understanding that casts out evil as unreal. But the belief in sin is punished so long as the belief lasts."

Million Tax Bills Ready to Mail Out

First Installment of 1933-34 Taxes Due Next Wednesday

Nearly 1,000,000 individual tax bills were ready to be placed in the mails today by W. O. Welch, county tax collector, in preparation for payment of first installment of 1933-34 taxes, due one week from yesterday, November 1. While but one-half of the real estate taxes are due at that time, all of the personal property taxes are due then, Welch pointed out.

While the general county tax rate was hogged by the board of supervisors from 88 cents to \$1.20 this year, the assessed valuations were cut by about 15 per cent, and tax bills are expected to be lower, it was stated by members of the board.

Local taxpayers will have until 5:00 p. m. on December 5 to pay first installment taxes, after which time they become delinquent and subject to an 8 per cent penalty. This penalty, Welch pointed out, is 2 per cent less than the 10 per cent penalty effective for previous years, due to a legislative amendment.

Taxpayers, when they receive their bills within the next day or two, are urged to examine carefully the description on the tax bill, to see that it tallies with the record as shown by the deed books. Tracts were numbered in the county, more than one tract was given the same name in some instances.

That hat looks phoney anyhow and if your suit gets any higher polish on it you can use it for a shaving mirror.

Shiny Dimes For Cops Finding Car

SALT LAKE CITY (U.P.)—The famed millionaire John D. Rockefeller is not the only person who hands out shiny dimes as tokens of gratitude. Traffic Officer T. B. Burbridge learned.

A tourist whose name was not learned appealed to police to recover his stolen automobile.

"I'll bet you find it right where you parked it," Officer Burbridge said jokingly. "I don't wager," replied the stranger, "but your traffic department will be amply repaid if the car is recovered."

After an hour's hunt it was located just where the tourist had parked it. Each officer on the force was presented with a shiny dime.

Rum Glasses Go to Refresh Baby Quail

ONTARIO, Calif. (U.P.)—Questions about a claim for two dozen whiskey glasses raised by State Controller Ray L. Riley's office found a ready answer from state fish and game commission officers.

John L. Farley, division officer of the commission, explained the glasses were not for a party but for baby quail. They were used to construct small water fountains on the game refuge near here.

Culvert Cache Yields Money

SALT LAKE CITY (U.P.)—Lon Hodges puzzledly watched a well-dressed man remove what appeared to be a large roll of bills from a street culvert.

Interference of Employees to Be Curbed

Asserting that county health department employees are opposing the so-called San Fernando plan for curative health clinics, the board of supervisors was asked today to restrict county health employees from any interference.

"Possibility that the plan will be expanded to serve this area depends upon the trial experiment. It has been brought to our attention that members of the county health department are opposing this plan," the communication from Dr. Fred D. Fahey, head of the curative clinics in the San Fernando valley city, stated.

"One of the great problems confronting the county today is the care of the indigent sick. As an attempt to solve this problem, the so-called San Fernando plan of treating these patients in the offices of private physicians was instituted last August 1.

"We wish to request, in all justice, to the sponsors of the plan, to those who are earnestly endeavoring to give it a fair test and to the plan itself, that members of the county health department be restricted from any activities which might directly or indirectly hamper the success of the plan."
